## About Us

### A tradition of quality

Alpine Marketplace is built upon decades of experience in the food selling industry. Alpine Marketplace's owners have extensive backgrounds in the supermarket business, having owned and operated several markets in the southeast Michigan area. Our goal for Alpine Marketplace was to create a food shopping experience unlike any other. To accomplish this goal, we created an atmosphere in the store that is both visually appealing as well as convenient to shop. At Alpine Marketplace, our emphasis is on outstanding service, quality, freshness, and selection in every department.

Our friendly, knowledgeable staff has extensive experience in their respective departments. Our Meat Department staff focuses on selection, quality, and freshness at great prices to help make us the most respected meat market in the area. The same holds true for our Produce, Deli and Bakery departments. We pride ourselves in providing our customers with the best possible foods at the lowest possible prices. At Alpine Marketplace you get gourmet quality food without the gourmet price! We welcome you to visit our store and experience Alpine Marketplace for yourself. Let us know what you think!

Thank you,  
The Alpine Marketplace Staff
